CNCs (E6PTP)

Description

An all-rounder work center suitable for milling, routing, drilling, side milling, sawing and other applications. Ideal for panel furniture, solid wood furniture, office furniture, wooden door productions, as well as other non-metal and soft metal applications. The double work zones guarantee non-stop work cycle where an operator can load and unload workpieces on one zone without interrupting the machine operation on the other. It features world class components from Italy and Germany with strict machining procedures.

Storage Systems (Storage Systems)

Description

Storage systems are compact while providing quick, safe storage of board, reducing labour costs and managing your board inventory.
