## Edge Banders (EF463S)

### Description

With room to grow, this mid-level edgebander allows an entry level business to upscale, yet an established business keep up to demand. Specifications of this model include spray release agent, pre-milling, gluing, end trimming, fine radius trimming, twin motor corner rounding, radius scraping, flat scraping and off cut, spray cleaning agent, buffing and hinge protection.

## **Storage Systems** (Storage Systems)

### **Description**

Storage systems are compact while providing quick, safe storage of board, reducing labour costs and managing your board inventory.

## **CNCs (E3-EKD)**

### **Description**

This entry-level all-rounder is an extraordinary solution with a competitive price, allowing you to choose your tool changer; linear or carousel. Using world-class components, e.g. 9.6kw ATC spindle, Japanese Yaskawa servo motor driving system, Japanese Shimpo gear reducer, Schneider low voltage electrical components, Delta inverter, it guarantees optimum performance. Combined with its versatile functions of routing, drilling, cutting, side-milling, edge chamfering, and so on, this machine is a must have for all industries.
