Edge Banders (EF463S)

\$100.00

Description

With room to grow, this mid-level edgebander allows an entry level business to upscale, yet an established business keep up to demand. Specifications of this model include spray release agent, pre-milling, gluing, end trimming, fine radius trimming, twin motor corner rounding, radius scraping, flat scraping and off cut, spray cleaning agent, buffing and hinge protection.

Beam Saws (EPD)

\$100.00

Description

The precise and powerful movement of the servo driven saw carriage along with the 18.5kW main saw motor guarantees a clean finish even when cutting multiple panels.

- Stack Height Max. 120mm book-cutting Servo-driven Twin Pusher
- Two pushers enable this machine to process like a CNC
- Rear Feeding Optional
- Rear feeding available upon request to increase output

Suitable for standardized batch processing, the best choice for engineering furniture production.

The air floating table can reduce the labour intensity of workers and prevent scratches on the bottom board.

High-quality rack and pinion drive system ensures fast machining and smooth motion.
